I love traveling and learning about every country!

I really **LOVE** to cook and eat food! Spicy!

Major: Sociology

Minor: International Studies

I like the La Crosse area because we have beautiful bluffs to the East and the Mississippi River to the West.

I wish you the best of luck this semester. If you ever need anything, email or stop by 116 GMH.

Enjoy every moment and smile always!

## Akane Matsumoto

Hi, I'm Akane from Japan. Welcome to cold weather of La Crosse! I have been in La Crosse three and a half years, but I still don't like winter weather here...

I used to like donuts from KwikTrip by campus on my birthday, I figured that A donut counts for 300 Calories... Go on diet. I love ice cream. I have them any time regardless of temperature outside. It's s good calcium source with fat. Supposed to be on diet... Who cares? I just like sweets!

Welcome to the States where you feed yourself only with sweets!!!

## Gaëlle Talhouarne = the French girl with the weird name...

Molecular Biology major (you are not allowed to say it's boring though)

And between science classes, I like to watch movies, hang out with people, eat, play disc golf, and sleep of course.

On the other side, I don't like NOT to meet people so I hope you will talk to me!

What I like about La Crosse is its airport. Great possibilities to travel and great people to travel with!

Welcom to UW-L! I wish you a great semester in La Crosse, good luck with everything!
